

Global Photovoltaic Conference 2016

April 6~8, 2016 · exco, Daegu, Korea
In Conjunction with Green Energy EXPO & PV Market Insights Conference

"Photovoltaics for Making Energy Innovation and Creative Economy"

Important Dates

- Abstract submission : **Feb. 26, 2016**
- Acceptance notice : **Mar. 1, 2016**
- Early Registration : **Mar. 5, 2016**

Conference Topics

- CSI : Silicon solar cells and materials
- CIS : II-VI & chalcogenide compound based cells and materials
- PrV : Perovskite solar cells and materials
- OsC : Organic, dye sensitized solar cells and materials
- NmD : New concepts, novel materials and devices
- GaP : III-V compound based concentrator and space PV systems
- MSI : PV components, modules and systems
- ReS : PV reliability and standardization
- NREH : New & Renewable Energy Hybrid System
- PMI : PV Market Insight
- KETEP : Korea Institute of Energy Technology Evaluation and Planning

Plenary Speakers

Mr. Chungho Lee
Executive vice president,
LG Electronics, Republic of Korea

Dr. Kannan Ramanathan
Senior Fellow, Stion, USA

Prof. Nam-Gyu Park
Sungkyunkwan University,
Republic of Korea

Prof. Dr. Christian Breyer
Professor for Solar Economy,
Lappeenranta University of
Technology(LUT), Finland

Dr. Daniel Abou-Ras
Helmholtz-Zentrum Berlin für
Materialien und Energie, Germany

Prof. Dr. Ralf B. Wehrspohn
Director, Fraunhofer Institute for
Mechanics of Materials Halle, Germany

Dr. John Wohlgemuth
Principal Scientist, NREL, USA

Conference Secretariat (GPVC 2016)

#401 CRC, Yeungnam University, 280 Daehak-Ro, Gyeongsan, Gyeongbuk 38541, Korea
TEL +82-53-802-6798 FAX +82-53-802-4002 E-mail secretariat@gpvc.kr

• General Chair : Prof. Chinho Park, Yeungnam University • Technical Program Chair : Prof. Jaha Kim, Cheongju University
• Secretary General : Prof. Chan-Wook Jeon, Yeungnam University • For more information about GPVC 2016, please visit our website at www.gpvc.kr
